

Camelot Academy
Middle Grades Supply List, 2020-21
michelle@camelotacademy.org

Below are the following items that your student will need for a productive and successful school year. Please reach out to us should you have any questions.

computer - If your student is rotating in for in-person (Hybrid) instruction, please procure a portable device. Computer should have a camera,
headphones (optional)
Access to printer at home (colored preferable; black & white acceptable)

steady supply of loose leaf paper (three-hole punched)
steady supply of graphing paper
steady supply of pencils
steady supply of blue pens

ruler
protractor
compass
2 spiral notebooks - math

Math - for ALL VIRTUAL learners if possible or interested only: Wacom Intuos Graphics Drawing Tablet with Bonus Software, 7.9" X 6.3", Black (CTL4100) -- This costs about \$80 or a stylus if your student has a tablet.

3 ring-binder - science
red folder - double pocket for ELA
yellow folder - double pocket for social studies

colored pencils
scissors
hole punch (single or 3-hole)
tape

small yarn skein or one skein of embroidery floss any color
measuring tape
stopwatch, phone with Stopwatch App, or other timing device

- Please make sure your student has a consistent working space at home for them to be productive.

- **If you haven't already, please open a Gmail account for your student that you have full access to at all times. Your student's Gmail user account should be clearly identifiable and be school appropriate in title. If you have any questions or concerns about this, please do not hesitate to contact me at michelle@camelotacademy.org. Middle Grades is mainly using Google Drive to deliver class material, please make sure that your student has a way to work offline.**
- Other sources that your student will be accessing online this school year are listed below. Please take a moment to open an account for your student for each of the following websites:

- [Quizlet](#) This is a free online learning tool that we use to create lesson reviews for students to access at any time. It is accessible from any computer, tablet, or cell phone with access to the web.
- Students should have access to [SchoolNotes](#) website readily on their device. This is Ms. Michelle's primary avenue of communication. Please peruse the link with your student at your leisure. You will see a sample of the last quarter's assignments from last school year.

On your student's devices, please help them create a ready tab that allows them to go to the SchoolNotes site quickly and efficiently:

- a) For laptop or netbook users create a tab in the toolbar so that your students can readily access this website of mine.
 - b) For tablet or iTouch users create an icon for ready accessibility.
- [Prezi](#) This is a free online presentation tool that Middle Grades students will be using to create online presentations specifically for Academic Fair.
